

NEEDLE ROCK FARMS

GROWN ON SACRED LAND

NEEDLE ROCK FARMS

Needle Rock Farms is a 421 acre farm located in the pristine Rocky Mountains of Colorado surrounded by national forest. The Farm is part of a much bigger meditation and wellness center founded in 2014. Needle Rock Farms uses only organic fish based fertilizer to combat mold, mildew, and fungus; no pesticides or herbicides have ever been used on this farm. Rather than harmful chemicals, we use ladybugs (a predatory bug) as an important natural enemy to kill spider mites, aphids, whiteflies, etc. Needle Rock Farms solvent-less extracts are free of any bi-particles. Our extensive testing has produced unique proprietary strains rich with high levels of terpenes and cannabidiol (CBD), and contains less than .3% THC.

Our cannabinoid levels average 12-20%.

FULL SPECTRUM

**HOLISTICALLY
DRIVEN**

100% NATURAL

FULL SPECTRUM

Needle Rock Farms was grown out of a desire to provide the highest quality hemp products using organic, sustainable farming practices. Our full spectrum products are created with the belief that all the cannabinoids work together to bring the best results.

HOLISTICALLY DRIVEN

We are community-minded and we care about the planet and its people. We are committed to providing uncompromised high-quality products using the latest leading edge and ethical production technology. The team is poised to set the industry standard in holistic, whole hemp products using only organic, and sustainable farming practices.

100% NATURAL

All our hemp is spiritually grown, using only organic fish-based fertilizer to combat mold, mildew, and fungus. No pesticides or herbicides are ever used. Rather than toxic chemicals, we use ladybugs (a predatory bug) as an essential natural enemy to kill spider mites, aphids, whiteflies, etc. We truly believe in organic farming.

NEEDLE ROCK FARMS

HEMP CHEWABLE TABLETS

Mitigate your body while relaxing your mind, these effective hemp chewables are fast acting, and extremely easy to take and find the perfect dosage to help regulate your wellness. Dose accurately and discreetly.

HEMP FLOWER

All of our hemp flowers are organically grown and harvested by hand then naturally dried before being prepared, trimmed and sorted. No THC, all natural and non GMO.

TINCTURES

This hand-crafted full spectrum tincture is created with Liquid Premium Coconut Oil to help cannabinoids molecules active quickly and more efficiently. Let the power of naturally grown hemp assist you in reaching tranquility and wellness with just a few drops.
